To whom it may Concern:

I have worked with Jennifer Samimi in my work as a health care provider at Rainbow Alley over the past two years. Together we provide a medical drop in center for GLBTQ youth.

Jennifer is a very mature, responsible young person who takes her clients and her work very seriously. She is able to work well with youth, helping them understand any medical or social issues that may be impacting their health. She is reliable and follows through with any concern that I may have as well. She takes initiative to address any potential problems.

Jennifer also shows great insight and action in areas of social justice and social consciousness. She is studying areas of interest and goes the extra mile to understand and then act on her convictions. I recommend her highly.

I feel that she would be a great resource to you as an intern. And I think you will be pleased in your investment with developing a young woman of social conscience and commitment.

Please call me if you have any questions or concerns: 303-726-8288 or 303-480-1802.

Sincerely,

Lonna Pelton Bloom, PA-C
