To Whom It May Concern:

I am pleased to write to you on behalf of Jennifer Samimi, a student at the University of Colorado at Denver. I have known Jennifer for almost three years, working with her as her Educational Case Manager at the Community College of Denver. I would describe her as strong-willed, incredibly insightful and bright, and highly organized.

Jennifer is greatly dedicated to her education and community. At CCD, she graduated with a 3.36 cumulative grade point average while working fulltime as a Peer Counselor for the Children's Hospital Immunodeficiency program. In addition to attending school fulltime and working fulltime, Jennifer is an active member in the following organizations: The Young People's Socialist League, the Indigenous Support Network, Auraria Jobs with Justice, and Amnesty International at Auraria.

Jennifer is a person with incredible leadership skills and positive direction. Therefore, I give her my highest recommendation and very much hope that the committee deems her application favorably.

Sincerely,

Zoë Levitt
Educational Case Manager
